

BB-BBQ217 BBQ CHIMNEY STARTER

SPECIFICATION

This light to carry, durable BBQ chimney starter is ideal for lighting charcoal briquettes. The conical grate encourages air circulation for evenly burning charcoal to ensure evenly cooked food & it has a thermoplastic handle plus safety guard to protect your hand. The hot charcoals should be ready for cooking in approximately 10-20 minutes. It is suitable for use with all types of charcoal including lumpwood & briquettes.

Approx Size: Ø16cm x H28cm x D0.5mm
