

BB-DS106 2PC DOOR STOP SET

SPECIFICATION

This pack of quality spring door stops will provide a clean, neat solution, avoiding damage to walls, floors & doors. The spring coiled construction allows objects such as vacuums, mops, feet etc to brush past the door stop when in contact from the side. The dimensions will allow enough distance for the vast majority of door hardware to avoid contact with a wall. They are simple to install & can be fixed to walls, skirting boards, doors & floors using the screws provided.

Approx Size: L75mm
Door Stop Tip: W11mm
