

BB-FP202 28CM NON STICK FRYING PAN

SPECIFICATION

This frying pan should be washed before first use with warm soapy water then rinsed & dried thoroughly. To protect the non stick surface, only use wooden or plastic coated kitchen tools as metal tools can damage the coating. Always allow the pan to cool down naturally before washing. Do not clean with metal scouring pads or other abrasive cleaners.

Approx Size: 28cm/11"

Pan Max Heat: up to 200°C
