

BB-WC298 20M X 1M HEAVY DUTY WEED CONTROL FABRIC

SPECIFICATION

This strong & durable fabric will help to effectively block weeds from growing without the use of chemicals. It is easy to install, will not fray & its excellent permeability allows water, air & nutrients to get right to the root of your plants, creating healthy gardens & beautiful landscapes. It is ideal for use with gravel driveways, under decking, borders etc.

Approx Size: L20m x W1m
